

Reproducing a Paper

1. What are the names and NetIDs of all your team members?

Juan Álvarez Martínez <juan4@illinois.edu>

2. Which paper have you chosen?

Generating semantic annotations for frequent patterns with context analysis.

3. Which programming language do you plan to use?

Tentatively Python.

4. Can you obtain the datasets used in the paper for evaluation?

As per the TA answer to question @780 in Piazza, only the DBLP dataset is required for evaluation. The dataset is publicly available at <https://dblp.org/faq/1474679> so the answer is yes.
